Discovery

Discovery

R real oak floor planks in the galley. Real porcelain sinks with Corian® countertops in the galley and bath. You can even opt for real leather furniture. Just about everything else is standard, though. Right down to the built-in Panasonic® VCR and the Sharp® convection carousel microwave oven. We would say the Discovery has all the comforts of home, but most homes don't offer this much comfort.

FLEETWOOD.

Solid wood drawers glide on nylon rollers and metal tracks. Even full-size dinner plates fit on cabinet shelves.

Wall panel with holding tank level meters, battery shutoff, plus controls for radio, water pump and more.

Our ceiling-ducted air conditioning cools every room evenly, even when it's 110° outside.

WHY YOU'LL SLEEP BETTER IN A FLEETWOOD RV.

We build our motor homes from the inside out so we can wire, plumb and assemble your RV with the quality and craftsmanship you expect in a new home. Since we're the world's largest motor home builder, our purchasing power lets us give you more coach for your dollar. Every roof, wall and floor is Vacubonded, our original process which ensures a flawless bond. For more strength and less weight, we use only steel or aircraft-grade aluminum frames. And with Fleetwood dealers across North America and a limited 1-year/3-year warranty, no wonder 1 out of 3 motor homes on the road is a Fleetwood.

FLEETWOOD.

We take a Freightliner® chassis with air ride suspension, Jacobs® exhaust brakes and a whopping 275hp Cummins diesel. Then we add our patented Power Platform™ foundation. Stronger and more durable than ordinary designs, it lets you pack more and enjoy a hushed, silky-smooth ride. All of which makes the Discovery a real find.

D I E S E L P U S H E R C H A S S I S

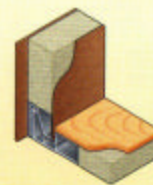

Steel I-beams are welded the length of the chassis for enormous weight-bearing ability.

A neoprene rubber gasket isolates the living area from the chassis for a quieter ride.

Water tanks run horizontally down the center of the frame for better balance.

Beefy steel outriggers firmly cradle all exterior compartments and add stability.

Interlocking aluminum extrusions grip the walls, floor, roof and chassis into one solid unit.

E - Z G

JUST ANOTHER EXAMPLE OF HOW OUR ENGINEERS EXTEND THEMSELVES

Stronger and 30% lighter than ordinary slide-outs, E-Z Glide™ uses up to 100% more weight-carrying capacity. There's nothing to jam. No pulleys to adjust. No stress on the sidewall, since the chassis supports the weight. No binding, because two guide blocks align the roof as it extends. No wonder. It's from Fleetwood RV.

SYSTEM

With an extra 31 square feet* in your living area, you can really stretch out and relax.

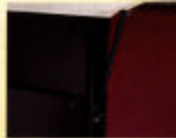

The EZ Glide® slide-out system offers extra peace of mind with its key-lock safety operation.

FLEETWOOD.

DISCOVERY EXTERIOR FEATURES

With its high-gloss, one-piece fiberglass outer walls, the Discovery reflects pride and sophistication from every angle. Our insulated, lighted, pass-through storage is perfect for longer items like skis. The crowned roof is covered with seamless rubber to shed water. And an exterior wash station helps keep dirt and sand outside.

Gas struts and paddle latches let you open storage compartment doors with just one hand.

Every opening and edge on our walls, floor and ceiling are double-sealed against moisture.

Entry door and all compartments are keyed alike for convenience and better security.

The full fiberglass front cap sports a huge wraparound windshield for a sweeping view.

Drop-down hood for easy access to batteries, fluid level reservoirs and electrical panel.

*Exact square footage varies by model.

A standard rear vision camera for a better view behind you.

Our optional washer/dryer makes short work of dirty laundry.

Standard climate control maintains a constant pre-set temperature.

New, high-efficiency dual roof A/C improves cooling yet uses 50% less power.

NO DIESEL HAS EVER CLIMBED LIKE THIS.

Launched in March 1996, the Discovery took off like a rocket and became the top-selling diesel motor home in its first year. Success fueled by a diesel that's everything you'd expect at a price you wouldn't.

Discovery comes pre-wired for an optional Winegard® satellite dish.

YOUR TASTE HASN'T CHANGED. WE'VE JUST MADE IT AFFORDABLE.

You've always wanted a diesel motor home like the Discovery. A diesel pusher. Generous power. Gliding, air-ride suspension. Hushed, sumptuous accommodations. Vast storage. What you wouldn't give for something like that, right? Well, guess what. You don't have to give nearly as much as you thought. After all, the Discovery is built by Fleetwood RV, the world's top motor home maker. And we've always found ways for our customers to go farther.

Fleetwood Enterprises, Inc.
PO Box 92919, Milwaukee, WI 53202-0919

Text and photography included in this brochure were as accurate as possible at the time of publication. Subsequent refinements in the actual product. Prices and specifications are subject to change without notice. All fuel and liquid capacities and dimensions are nominal. Fleetwood has designed its motor home brands to provide a variety of potential uses for its products. Fleetwood features the optimum storage, fluid, seating and sleeping capabilities. Though the customer enjoys this potential, it is the customer's responsibility to select the proper combinations of loads without exceeding the chassis weight capacities.

©Fleetwood Enterprises, Inc. Inventory Control No. 669801

Dear friend,

Here at Fleetwood RV, we have over 200 people working on research and development. But we get our best ideas when we hit the road in our motor homes.

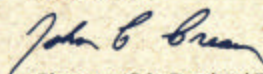

Talking to people like you and noticing for ourselves little ways to make RVing more comfortable, more convenient and more fun.

If I had two pieces of free advice to give a friend in the market for a motor home, the first would be to get a Fleetwood RV. Not because we need to sell one more. Heck, we sell more than anyone else. But because I know we build the best product out there for the money.

Second, really think about your dealer. He has to be someone you trust for advice, service and accessories. Only the best get to be Fleetwood dealers in the first place. Then we work with them to continually improve customer satisfaction. That's why 9 out of 10 owners would recommend their Fleetwood RV to a friend and 9 out of 10 of them would also recommend their Fleetwood dealer.

I hope that helps. And I also hope I see you out there, somewhere in this beautiful world, enjoying your new Fleetwood RV while I'm out there doing the same.

John C. Crean

Chairman of the Board and Founder
Fleetwood Enterprises, Inc.
