PRESIDENT'S REPORT

Happy Holidays to all. I hope everyone had a safe and happy Thanksgiving. The Southeast Region Rally is soon approaching. Marshall and Helen are hard at work and we have about 50 coaches signed up already. Hopefully we will reach the 100 coach mark. If you intend to go to this rally, please get your registration in. This will help make Helen's job a little easier.

I am going to be talking to all the Mason-Dixons at the SE Rally about next year's election of officers. I will have my two terms in at the end of 2011, we need a Vice President, Marshall has been Secretary for as long as I can remember, Bob and Elizabeth Deal have been in their positions probably as long as Marshall has been in his. I am sure Helen Blackwell would like some relief also; she has been doing quite a bit with the rallies as well as the normal treasurer's job. We need people to start thinking about holding office. It is not difficult, and it can be a lot of fun.

I have been in contact with Charles Smith via email and he told me he is doing well. He is home now but still goes back to the hospital once a week. He doesn't know when he will be on the road again, but he is looking forward to it.

Well, that's about all for now, Alice and I wish all of you a Merry Christmas, Happy New Year and Happy Holidays.

Safe travels.

TREASURERS REPORT

As of November 1, 2010 we have \$5,629.01 in the Mason-Dixon Discoverys account. This amount also reflects \$660.00 for registration fees for the 2011 DOAI Southeast Region Rally.

FLEETWOOD INFORMATION

I have copied an article about the new 2010 Discovery and attached it to the end of the newsletter and I have also added this shortcut about the Discovery.

HUMOR FOR THE MONTH

A young Scottish lad and lassie were sitting on a low stone wall, holding hands, and they were just gazing out over the loch. For several minutes they sat silently, and then finally the girl looked at the boy and said, "A penny for your thoughts, Angus."

Well, uh, I was thinking' ... perhaps it's about time for a wee kiss."

The girl blushed , then leaned over and kissed him on the cheek. Then he blushed.

The two then turned once again to gaze at the loch. After a while, the girl spoke again. "Another penny for your thoughts, Angus."

The young man knit his brow. "Well, now," he said, "my thoughts are a bit more serious this time."

"Really?" said the girl in a whisper, filled with anticipation.

"Aye," said the lad. Din"na ye think it's about time ye paid me that first penny?"

[Fleetwood RV Inc.](#), announced Tuesday (Dec. 1) the rollout of its 2010 Discovery Class A diesel motorhome during RVIA's 47th Annual National RV Trade Show in Louisville, Ky.

"There are a lot of exciting changes on our 2010 Discovery — including the availability of a Spartan chassis — all of which are a direct result of the feedback we have gathered from our dealers and customers," John Draheim, president and COO of Fleetwood RV Inc., said in a news release. "Discovery is one of the most recognized brand names in the industry, so we wanted it to include features that added value as well as further elevated its reputation in the marketplace. The 2010 Discovery now includes a lot of standard features that are only available as options on competitive products."

Key new standard features on the 2010 Discovery include redesigned dash, ceramic tile floor from galley to bedroom, day/night shades by MCD, 22-cubic-foot residential refrigerator option (no additional cost if selected), GPS/AM/FM/DVD in-dash radio, exterior entertainment system with Sony 32-inch HD TV, Sony televisions and sound systems throughout, reclining passenger seat with footrest, automatic generator start, central vacuum, and 16-gallon hot water heater. Stackable washer/dryer is also a key new optional feature on Discovery.

The 2010 Discovery is available in three layouts: a curb-side fullwall-slide floorplan that features optional bunk beds with flip-down LCD TVs (40G); a triple-slide, mid-ship TV floorplan (40X); and a triple-slide, front galley floorplan (40K).

The 2010 Discovery is built on the Power Bridge Chassis which includes massive pass-through storage with side-swing luggage doors, a convenient patio storage center and a centralized utility center. An optional exterior "pull-out" BBQ grill and kitchenette is available.
