At present, we have no Rally Master, but we do have campsites reserved.

There's a swimming pool at our campground, paddle boat river cruises up the Wisconsin River, pontoon boats available for rent, casino, Frank Lloyd Wright's House on the Rock, wineries, breweries, and distilleries, shopping and Wo-Zha-Wa-Days Fall Festival – a street carnival with refreshment concessions, activities, crafts, etc. Wisconsin Dells is also the waterpark capital of the world. The website for area brochures is: Wisconsin Dells Visitor and Convention Bureau.

This is a "host-less" rally where we've not made a detailed itinerary or event / dinner reservations. We're hoping that this lower effort approach will encourage more folks to take point on future rallies. Of course we still want to have fully planned rallies as well - which do take time and effort to arrange.

For this rally I'd like to get a couple of volunteers to handle continental breakfast arrangements and do some dinner / potluck coordination.

Phil Skiff,

President
